

SCFA Part-time Representative

Joseph Farrelly

Candidate Statement:

I am an incumbent member of the Rep Council and a longstanding part-time instructor who works to improve things for everyone – students, the College, and all faculty and tries hard to ensure the interests of part-time faculty don't get neglected or overlooked in the process. In my first year, I worked to update the Unemployment handbook, advise Part-timers about Unemployment eligibility questions, and co-facilitated workshops on issues that benefit part-time faculty.

I have taught Sociology at Sierra College since 2001. I am a graduate of Statewide CCA's Leadership Training academy and the Building Strong Locals academy and have been attending state CCA/CTA conferences as a SCFA delegate for almost 14 years, so I am knowledgeable about current issues and challenges both local and statewide. I hope to continue to serve as a PT Representative on the SCFA Council.
